("Emerald") (TSXV: EMH; OTCQX: EMHTF), announced today that it closed its prospectus sale (the "Offering") to a single Canadian institutional accredited investor (the "Investor"), as announced on November 13, 2019. Pursuant to the Offering, Emerald has issued 4,385,965 units of Emerald (each, a "Unit") at a price of \$0.57 per Unit for total gross proceeds of \$2,500,000.

Each Unit consists of one common share of Emerald (each, a "Common Share") and one common share purchase warrant (each, a "Warrant"). Each Warrant entitles the Investor to acquire one common share of Emerald (each, a "Warrant Share") at a price of \$0.75 per Warrant Share for a period of five years following the closing of the Offering. In the event that the closing sale price of the Common Shares on the TSX Venture Exchange, or such other principal exchange on which the Common Shares are then trading, is greater than \$1.50 per Common Share for a period of ten consecutive trading days at any time after the closing of the Offering, Emerald may accelerate the expiry date of the Warrants by giving written notice to the Investor and in such case the Warrants will expire on the 15th day after the date on which such notice is given by Emerald.

The previously announced purchase by the Investor of 4,385,965 common shares of Emerald (each, a "Secondary Share") at a price of \$0.57 per Secondary Share from Emerald Health Sciences Inc., a control person of Emerald, (the "Secondary Sale") has also closed.

Emerald intends to use the net proceeds of the Offering for general working capital purposes. Emerald did not receive any proceeds from the Secondary Sale.

The Treasury Shares and the Secondary Shares were offered by way of a shelf prospectus supplement filed in all of the provinces of Canada pursuant to National Instrument 44-102 – *Shelf Distributions*.
